### Brief summary of major changes:

Canada has continued to see a drop in the number of new cases on average each day, although a few new cases have emerged in provinces such as Prince Edward Island and New Brunswick after a period of time where no new cases had been recorded. Canada continues to recommend limited travel between provinces as well as travelling internationally only if essential. The border between Canada and the US remains closed for non-essential travel until July 21. As of 1 July, much of Bermuda has reopened. There remains a nightly curfew from midnight to 5am to limit excess movement in the country.

Despite continuous increases in COVID cases in Florida, Disney has reopened it's Disney World Magic Kingdom, Epcot, Hollywood Studio, and Animal Kingdoms requiring guests to wear masks. Texas and Arizona have run out of state morgue capacity, requiring the use of portable morgues to keep up with demand, and Los Angeles, California, will not rule out the possibility that they may have to reinstate lockdowns to control the spread of COVID.
